

RICHARD J. LONG, P.E.

Richard J. Long, P.E. is Founder and Chief Executive Officer of Long International, a Colorado-based construction claims and project management consulting firm that focuses its practice on owners, engineering and construction firms, and contractors performing petroleum refining, petrochemical, oil and gas, power/cogeneration, mineral processing, industrial, building, and infrastructure projects worldwide. Mr. Long has over 40 years of U.S. and international consulting experience involving construction contract disputes analysis and resolution, arbitration/litigation support and expert testimony, project management, engineering/construction management, cost and schedule control, and process engineering. As an internationally recognized expert in the analysis and resolution of complex construction disputes for nearly 30 years, Mr. Long has served as the lead expert on over 300 projects having claims ranging in size from US \$100,000

to over US \$2 billion. He has presented and published numerous articles on the subjects of claims analysis, entitlement issues, CPM schedule and damages analyses, cumulative impact claims, and claims prevention.

Before forming Long International, Mr. Long was Senior Vice President, Contract Administration for a major electrical and mechanical contractor. In this role, he had corporate-wide responsibility for technical management and oversight of the preparation and resolution of construction claims. In addition, he was responsible for the development, training, and implementation of project management policies and procedures to ensure that profit, cost, schedule, scope, quality, and safety objectives were achieved. Mr. Long managed for thirteen years the construction claims practices of two large consulting firms. Prior to his consulting career, Mr. Long gained 13 years of project management and process engineering experience on petroleum refining, oil shale, synfuels, mining and power generation projects with Tosco, Fluor, and Conoco.
